Those that require 1st or 2nd Dose COVID vaccine can walk-in on designated day/times; all others must make appointment on COVAX website

Booster Information/Requirements

The below groups are eligible for a single COVID-19 booster dose:

Fully vaccinated beneficiaries over the age of 18.

Any of the FDA approved or authorized COVID vaccines may be used for the booster (mix & match). You must wait 6 or 2 months after completion of your primary series:

- 6 months after the initial series of Pfizer or Moderna to the day
- 2 months after the initial series of Janssen (J&J) to the day

**This Schedule is for:
COVID Vaccines for 12 and older; Flu Vaccines for people greater than 2 years old**

Due to safety and facility capacity reasons, only the person receiving the vaccine and one guardian are allowed inside the vaccine facility.

The Acute Non-Respiratory Building is located to the right of the Stuttgart Health Clinic on Patch Barracks. The building is marked with a bright yellow sign that reads Acute-Non Respiratory. Please arrive during your appointment time, late arrivals may be subject to rescheduling.
